

Current wording:

12. Library Director. The Board of Selectmen, giving consideration to the candidates recommended by the Board of Trustees of the library pursuant to Section 602(J), shall appoint a Library Director who shall have library science training and experience as specified in the job description on file with the Town Clerk.

To consider:

For consistency, I propose we add the phrase “to oversee the management and use...”.

For consistency, should this be moved from Number 12 to where the other Directors are mentioned, i.e. Number 16,17,18?

For consistency, should this be listed the same way as the other Directors; i.e. Director of the Library, or should it remain, as is, Library Director?

Proposed wording:

12. Library Director. The Board of Selectmen, giving consideration to the candidates recommended by the Library Commission of the library pursuant to Section 602(J), shall appoint a Library Director who is professionally qualified by education and experience in library science as specified in the job description on file with the Town Clerk, to oversee the management and use of the Woodbury Public Library, its services and programs, and staffing to serve all residents of the Town of Woodbury.
