## Woodbury Park Showcase: Nonnewaug Falls

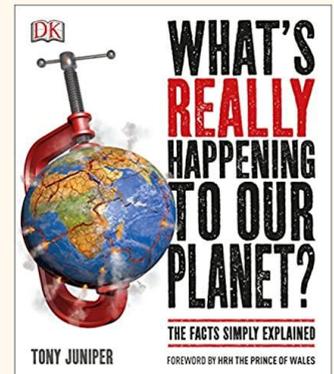

With the coolness from the falls and the fern coverage, Nonnewaug Falls is a perfect short hike for a summer day. Located on the border of Woodbury & Bethlehem, this trail is a family-friendly hike that is just over 1 mile out and back. Make sure to read our tips to safely enjoy the outdoors below.

## What is David Reading?

A wonderful thing that happens at Conservation Commission meetings is receiving book recommendations from Commission Chair, David Taylor. One that he has spoken about several times is *What's Really Happening To Our Planet?* by Tony Juniper.

From David: "(This book) covers a wide range of subjects with a 2 page spread for each. Dominated by charts and pictures, it's good for bite sized views of the basics."

Check it out and let us know your thoughts!

## HOW TO SAFELY ENJOY THE OUTDOORS DURING COVID-19

If you are like many of us on the Conservation Commission, you have been frequenting our area's trails during this unprecedented time.

And while we are thrilled that is the case, it is incredibly important to remember the following important safety tips.

- Maintain appropriate social distance of at least 6 feet
- Wear a mask or cloth face covering
- Stay home if you are not feeling well
- Wash your hands often and for at least 20 seconds

***And make sure to not leave your masks & gloves on the trail!***
